Summary

Full Stack Developer working with MongoDB, Express, React. I enjoy owning features from the database to the UI.

Experience

Full Stack Developer, Copperleaf IT - May 2025 - Present

- Owned deployments and alerts for three services and their web clients.
- Wrote end-to-end tests for signup, billing and invoicing.
- Built an admin console used daily by 30 support staff.
- Replaced a cron-based sync with webhooks, removing a 15-minute data lag.

Skills

MongoDB, Express, React, Node.js, JavaScript

Education

B.Tech in Electronics and Communication, JNTU Hyderabad, 2020 - 2024
