Summary

Data Scientist with 3 years of experience in Python, Pandas, scikit-learn. I focus on models that are measurable and useful to the business.

Experience

Data Scientist, Indigo Bay Systems - Nov 2023 - Present

- Set up experiment tracking and offline evaluation so results were reproducible.
- Built a Pandas model that improved forecast accuracy by 11% over the previous baseline.
- Deployed a model as an internal API and monitored drift every week.
- Prepared training data from 200M rows of transactions using scikit-learn.

Skills

Python, Pandas, scikit-learn, SQL, Statistics, Tableau

Education

B.Sc Computer Science, Loyola College, Chennai, 2018 - 2022
